June 2025 - present

- Manage seven other team members, overseeing budget allocations and spending efficiency, directing programming strategies, and leading weekly staff meetings to align with the organization's mission and financial goals
- Assessed company's revenue growth and built discounted cash flow in preparation to present findings to 10 executive board members
- Conduct strategic budget analysis using Excel resulting in a 12% reduction in overspending
- Manage a budget of over \$100k to prepare financial reports & proposals to ensure compliance with governmental regulatory policies
- Draft financial reports, utilize BYPO's accounting system, and collaborate with financial specialists to review balance reports and facilitate timely bill payments

Wisconsin Historical Society, University of Wisconsin-Madison

Madison, WI

Research Assistant

Dec 2024 - May 2025

- Developed prospective donor profiles, conducted research, and assisted with maintaining donor database information using SAP to produce monthly reports using Tableau
- Organized, planned, and administered over quarterly fundraising events with upwards of 600 attendees that led to the increase of annual donations by 12% year-over-year
- Wrote and successfully submitted grant proposals that resulted in the funding approval of over \$75,000 in total to support operational & personnel costs for the organization
- Oversaw and crafted email and social media campaigns to keep stakeholders informed about upcoming events and their overall impact

Medical University Central Hospital

Tian Jin, China

Inpatient experience & marketing assistant

May - Aug 2024

- Worked with 11 nurses in our care unit to administer health & wellness checks, and communicated directly with upwards of 40 patients daily to address grievances to improve overall experience for all patients
- Designed, created, and distributed wellness reports and patient satisfaction surveys using Looker Studio and Google Reports to collect feedback and communicate findings to hospital leadership and patients
- Identified patterns in patient feedback and collaborated with nurses and other hospital staff to implement workflow adjustments, resulting in a measurable increase in patient satisfaction scores over a 2-month period

LEADERSHIP & INVOLVEMENT EXPERIENCE

Wisconsin Consulting Club, University of Wisconsin-Madison

Madison, WI

Member Engagement & Events Chair

Jan 2024 - present

- Planned and executed high-impact networking and professional development events, including case workshops and consulting panels, enhancing student engagement and exposure to prominent consulting firms
- Collaborated cross-functionally with club leadership and external stakeholders, including alumni and employers, to curate event agendas that aligned with WCC's strategic goals
- Developed and maintained detailed event planning templates and checklists to streamline coordination of venues, guest speakers, communication timelines, and contingency planning which resulted in the seamless execution of 10 professional development events during the academic year
- Analyzed post-event feedback and attendance metrics to identify engagement trends, inform future programming decisions, and ensure alignment with the club's mission to support early consulting career readiness for members
